LET ME CAPTURE WHO YOU ARE

Whether you’re an athlete, an artist, a book lover, or a music lover; whether you’re a budding star, a lightning-fast runner, a cheerleader, or a chess champion, we want to know your passions. The things you love to do provide a window into your soul, and we’ll show everyone who you really are. I’d love to photograph you doing what you do best and what you love most. Whether it’s on the football field, out in nature, or at a neighborhood hangout that’s special to you, we want to show you in your natural element, being yourself and doing what you’re known for. Let us plan a session on location based on your interests and passions. Bring a friend or sibling and I’ll capture some great images for you to share.

WARDROBE TIPS

• One outfit should be your absolute favorite. We’ll start your session with that one!

• One outfit should be a simple, classic outfit, but don’t be afraid to express your style with your other outfits!

• Please bring your clothes freshly ironed on hangers with coordinating accessories attached to save time.

• Variety is key! Bring dresses, jeans, sports jerseys, casual, dressy, accessories, etc.

• I suggest bringing more outfits than you think you need. This allows me to help you make the final decision on what would best suit the look and feel you are trying to achieve.

• Hats, jewelry, scarves and fun accessories can be a very effective way to showcase your style.
COMMONLY ASKED QUESTIONS:

Where do portrait sessions take place?

I use several local sites, your high school, sports field, or open field make a great backdrop for your photos. If you would like to choose a different location and need ideas please do not hesitate to ask.

When should I book my session?

Please email or call me at least 2 weeks in advance to allow for space availability. You can also book directly online from my homepage. If you are a student athlete think about doing your session in the summer, once school starts it gets difficult to schedule around practice and game times.

What form or payment do you accept?

Cash, Check, or Venmo

When is payment due?

Payment for your session is due at the session. A 50% deposit for additional print orders is due at time of your order, with balance due at pickup.

How soon after our session will our images be available?

A password-protected online gallery of your images will be available 1 week after your shoot. You will then be able to view your private online gallery and select your favorite images. You can also schedule a complimentary viewing session with me.

What happens if it rains on the day of my outdoor session?

In the unfortunate event of rain during a scheduled outdoor session we will either utilize an indoor area or we will reschedule for another day.

How long does a typical session last?

Sessions typically last between 45 minutes to a little over an hour, depending on the type of session you book and number of locations we shoot at.

Can I get some friend/family photos during my session?

Yes, this is a fun session so bring whoever you like, I suggest limiting the number to 1 or 2 friends so that the session is more focused on you. Any friends or family pictures that you want as prints must be ordered off the prints menu and cannot be part of your package prints.
